PROFESSIONAL SUMMARY

A dedicated and enthusiastic IT learner with a passion for exploring new fields such as machine learning and data science. Equipped with a strong understanding of fundamental IT concepts and eager to expand knowledge through hands-on experience and continuous learning. Known for strong analytical abilities, problem-solving skills, and effective communication. Committed to contributing to innovative projects and collaborating with dynamic teams to achieve success.

EDUCATION

MCA

Cochin University of Science and Technology
CGPA : 8.9

01/07/2023 - Present

BSc.Mathematics

St.Joseph's College for Women ,Alappuzha
CGPA: 8.67

01/06/2020-30/05/2023

Plus two

St. Joseph's G.H.S.S. , Alappuzha
Marks : 89%

05/06/2018-30/4/2020

SKILLS

Technical Skills

Python,Java,C,Javascript,PHP,SQL,HTML,
CSS, MS Word,MS Excel,LaTex,Power BI,
Data cleaning, Data visualization

Soft Skills

Communication Skills,Leadership Skills,
Team Management, InterpersonalSkills

INTERNSHIP

1. Java Development Intern

Codsoft (Virtual Internship)

Dates: May 2024 – June 2024

- Enhanced problem-solving skills by tackling real-world challenges and implementing effective solutions.
- Communicated regularly with mentors and team members to discuss progress, challenges, and strategies.
- Demonstrated the ability to work independently and manage tasks efficiently in a remote work environment.

2. Java Development Intern

Cognifyz Technologies (Virtual Internship)

Dates: May 2024 – June 2024

- Collaborated with a remote team of developers, participating in regular code reviews and discussions to improve code quality and performance.
- Contributed to project planning and documentation, providing detailed reports on progress and challenges.
- Applied object-oriented programming principles to design and develop efficient and reusable code.
- Enhanced problem-solving and analytical skills by tackling complex technical challenges in a virtual work environment.

3. AI and Machine Learning Intern

IBM (Virtual Internship)

Dates: June 2024– July 2024

- Analyzed large datasets to identify patterns and insights, contributing to the development of predictive models.
- Utilized IBM Watson tools and services to create AI-driven solutions for various business challenges.
- Contributed to the documentation and presentation of project findings, including data visualizations and technical reports.
- Enhanced problem-solving skills by tackling real-world AI challenges and implementing effective solutions.
- Demonstrated strong communication and teamwork abilities, effectively coordinating tasks and deadlines in a remote work environment.

4. Web Development Intern

AcmeGrade (Virtual Internship)

Dates: May 2024– Present

- Developed and maintained responsive websites using HTML, CSS, JavaScript, and PHP.

CERTIFICATIONS

1. Statistical tools using Excel and LaTeX Software for project presentation
2. Getting Started with Enterprise Data Science (IBM)
3. Getting Started with Enterprise-Grade AI (IBM)
4. Getting Started with Artificial Intelligence (IBM)
5. Artificial Intelligence Fundamentals (IBM)
6. Project Management Fundamentals (IBM)

PROJECTS

1. Diabetes prediction using IBM Watsonx tools.
2. Console based mini games developed in java
